

Main Menu 2:

Bin Changes

1) Enter the new bin location.

2) A label will automatically print.

Note: If a label does not automatically print, select the

HOT KEY

button, then select

Turn Print Mode ON

3) When you are done assigning all of the parts, select the

ESC

button to return to the Main Menu.

Reprint Labels: Select the

HOT KEY

, select

Print Label

then select which type of label to print:

- Bin Barcode
- Bin Change

Note: You can add up to 2 additional labels using the label designer through **Settings** from the **Main Menu**.
