Settings	Dealer Groups setup

Dashboard KPIs

KPI	Compares
Today's Activity	Today vs Yesterday
This Week	This Week vs Last Week
Month to Date	MTD vs Last Month
Top Dealers	Ranked by scan count

Auto-refresh: Dashboard updates every 60 seconds.

PickIt Metrics (Dashboard)

Shows when dealers use PickIt:

- Orders picked per day/week/month
- Average pick time
- Pick accuracy rates
- Fill rates
- Top pickers ranked

Note: Lost Sales and PickIt sections only show when dealers use them.

Scan Types Tracked (11)

Type	Description

Common Actions

Sort a Table

Click any column header. Click again to flip the order.

Search/Filter

Type in the search box above any table. Rows filter as you type.

Export to PDF

- 1 Go to any report page
- 2 Set dealer group filter (optional)
- 3 Click the PDF export button

Export to Excel

- 1 Go to any report page
- 2 Set dealer group filter (optional)
- 3 Click the Excel export button

Tip: Exports use your current dealer group filter. Only those dealers show up.

Dealer Groups

Create a Group

- 1 Go to Settings > Dealer Groups
- 2 Click "Create Group"
- 3 Name it. Choose Public or Private.
- 4 Search for dealers. Click to add.
- 5 Click Save

Filter Reports by Group

- 1 Go to any report page

2 Find the "Dealer Group" dropdown

3 Select your group

4 Data shows only those dealers

Type	Visible To
Public	All Enterprise users
Private	Only you (the creator)
